# CELEBRITY PREDICTIONS

**O**NLY The National ENQUIRER can bring you the biggest celebrity news stories — before they even happen!

Last year, our astrology experts predicted Khloé Kardashian's reunion with baby daddy Tristan Thompson, the shocking split of Duchess Meghan and Prince Harry from Britain's royal family and that Johnny Depp's wild ways would wreck his reputation.

Here are the shockers our psychics predict for the year ahead!

■ Weary of the glaring spotlight on her marriage to Danny Moder, Julia Roberts will withdraw from showbiz and focus on animal rights and rescue causes.

■ Emboldened by the massive success of "Mission: Impossible 7," Tom Cruise will push for an even more prominent role in the Church of Scientology and choose a church-approved young bride.

■ Katie Holmes will break up with NYC chef Emilio Vitolo Jr. and find new love with an A-list leading man.

■ Brad Pitt will emerge victorious in his bitter divorce battle with ex-wife Angelina Jolie — with a court ruling he'll maintain shared custody of their five minor children!

■ Jennifer Lopez will ditch fiancé Alex Rodriguez over new cheating suspicions, which he'll deny — before revealing he's moved on with another woman!

■ Singers Gwen Stefani and Blake Shelton will follow a romantic end-of-summer wedding with their first concert tour together!

■ O.J. Simpson will announce he's turned to God and will launch a television show to preach the gospel.

■ Lady Gaga will end her relationship with millionaire businessman Michael Polansky. But the singer will make headlines with a new romance involving a high-profile actor embroiled in an ugly divorce!

■ Kim Kardashian will start divorce proceedings against Kanye West, leading the rapper to spiral into a bipolar mental breakdown that will put him back in a hospital.

■ Johnny Depp will rebound from his personal tailspin and begin to rebuild his life and career. He will quit boozing and even emerge as an advocate for sobriety and women's rights.

■ Leonardo DiCaprio will continue to maintain his bachelor lifestyle, but he'll suffer a midlife crisis and embark on a mission to find a woman to spend the rest of his life with.

# S FOR 2021!

■ Singing sensation Billie Eilish will struggle with anxiety and depression brought on by the white-hot celebrity spotlight and will be forced to take time off to get herself back on track.

■ Amber Heard will struggle to advance her career after a mudslinging battle in court with ex Johnny Depp bared dark details of abuse in their marriage. She’ll take time off from acting to rethink her future.

■ Cardi B will release her most successful album yet, and it will chronicle the personal struggles in her marriage with Migos rapper Offset — but they will also announce they’re expecting a baby.

■ Encouraged by his activist friends and wife Amal, George Clooney will make a bid to run for a powerful political office in California!

■ Legendary screen star Shirley MacLaine will suffer a serious health crisis — but will make a miraculous recovery.
