and GLOBE 1984, respectively:*

A HUNDRED PREDICTIONS FOR A HUNDRED YEARS!

Reprinted November 22nd, 2022, to celebrate his Mother's 100th birthday!

Sir Anthony Lonsdale-Carr

Watch the heavens for the return of *our* creators — the Star Travelers!

* * *

The good Star Traveler *must* do battle with the evil Star Traveler (Satanail — his *true* name) *before* world peace is restored.

* * *

... We are teetering on the brink of global war! The beginning of the end of civilization *as we know it*. Events I predicted fifty years ago are *now* unfolding. Despite who or what is to blame, it *is* Destiny that is at work here. And Destiny *must be* satisfied. Fanned by the dogs of war, the spark is now set to combust! Signs are everywhere — can you not see the ripple effect now slowly spreading throughout the Mideast and to all nations?....

A world conflagration is coming — Fire! Fire! Fire! — I see in my Mind's Eye. The very mountains and oceans change places! Woe unto Man who has no place to hide... not even people on foreign shores. The day of tribulation is nigh. The world *we know* — destroyed in one fell swoop! Mighty oceans — dried up... this broad earth... burnt up! Cultivate friendliness and compassion.

Be not restrained by false religion lest you think this earth, sun, sky, sea, stars and planets abide forever; for in a single day all may be hurled to ruin! Raging fires burn land and sea; rivers of fire ascend. A single day could see the burial of all Mankind, save His Elect; only *then* shall the world be spared *this one last time*. All that is famous and beautiful, great thrones, great nations — shall come to naught... everything destroyed, flung into the abyss — while flames burst apart the very foundation of Earth!...

But radiant Light from heaven pierces the clouds to touch the waters as loveliness emerges.... From the skies a golden brightness, so *brilliant* the naked-eye dare not gaze upon it directly. From the heavens Beings of sparkling garments descend, and the world is saved!

But no peace shall there be among men until They return to halt the carnage and save us from annihilation! Then surely all religions WILL BE ONE FOR THEY ARE THE ONE AND ONLY ONE SHALL SIT UPON THE THRONE! Until then a painful crying and yearning for a time and a place, far away and long ago will go out from all the nations such as has never before been heard, not since the foundation of the world was created.

* * *

The Great One uncovers the secrets of the Giza Sphinx to demonstrate His relationship to His Earthbound creatures.

* * *

A respected world figure will feign to bring about a global entente cordiale, but of course to no avail. Beware! He will be President of the United States one day, and the next Antichrist! A dark malevolence surrounds this man.

“...and the whole world followed the beast with wonder and admiration...”
(Revelation 13:3) — TRUMP!!!!

* * *

(*Note: Anthony Carr was the only psychic who accurately predicted Arnold Schwarzenegger’s near-fatal heart problems in the *GLOBE* tabloid, December 31st, 1996 — and which was fulfilled and reported in the *GLOBE* three months later, May 6th, 1997.)

* * *

Worship of the golden calf will cease as this global Sodom and Gomorrah returns to old-fashioned values; but not before a devastating catastrophe, as nations fall to their knees in great trembling.

* * *

The protective ozone layer will be so depleted that great chunks of space debris and rock shall hurl down on cities and towns until *it is healed* through wise administration and husbandry.

* * *

Voluntary euthanasia centers for the physically, mentally and spiritually impoverished will be made manifest.

* * *

*Australia and New Zealand will yet be the main arena of World War III!

* * *

Complete collapse of world economic stability further adds to the countdown to Armageddon.

* * *

A cashless society! Invisible credit numbers electronically tattooed on the body, becoming visible only beneath ultraviolet light. Anyone caught without a number will be treated like a pariah....

“...And he who has *not* the ‘Mark of the Beast’ shall perish....”

(Revelation, Christian Bible.)

* * *

During the coming Great War, a tremendous explosion will devastate most of Paris and render the Eiffel Tower a useless, twisted wreck!

* * *

In and around Las Vegas, Nevada, fiery volcanoes suddenly erupt and rise out of nowhere to flow incessantly as rivulets of lava down the sides of newly formed mountains.

* * *

Much of Southern California slides into the sea as Arizona/Nevada become the new coastline. (But please! — save the slot machines!)

* * *

Make no mistake! The mighty Eagle (United States) will do battle with the lands whose symbols are the “Crescent and Star,” “Hammer and Sickle” and the “Red Star” (Arab nations, Russia, red China and Korea). The Eagle — victorious!

* * *

The new War born out of want, disparities between rich and poor, will never be more apparent than during the next few years.

* * *

Brave Great Britain, alas, suffers greatly in the conflict; yet her seed again springs forth, like the indestructible Phoenix.

* * *

Tectonic upheavals rock Paris, New York City, Boston, Toronto and Rome — devastating many landmarks: Empire State Building, Boston Harbour, C.N. Tower, Vatican City and the Leaning Tower of Pisa. The last cloaked Pope will flee his cloister to preserve his life!

* * *

The process of learning and teaching will change radically! Books, lectures and didactic information instantly impressed upon the psyches of students by means of computer-like devices that emit a strange beam — and then they shall “*know*.”

* * *

A “miracle” made manifest brings world hostilities to a halt!

* * *

A worldwide medicare plan!

* * *

Large parts of Florida sink as submerged Atlantis begins to rise!

* * *

A *strange* vision!... I see countless men, women and children — all walking across desert and plains country; arid hills in the background; they walk toward a russet-coloured craft!...

...It resembles a curling stone, of sorts, but without handles. On either side are silver-like fins or wings. It (the curling stone) sits high upon a tripod, with chrome-like fenders covering the top halves of the feet... There appears a gathering or culling of peoples by Beings who may be responsible for our existence. Are they “collecting” for the perpetuation of the human race, before — or after — the tribulation? During this period UFOs are sighted in great numbers flying three endless lines: left, right and center.

* * *

Another *strange* vision!... In my Mind’s Eye a “figure” wears a gilded crown or headpiece. The figure emerges from this strange-looking-craft.... He holds aloft something shining and pulsating — while four or five other “figures” stand beside and behind him. (Obviously the Star hopping Gods....)

* * *

In the Andes Mountains, “Christ of the Andes” topples into the gorge, and church bells ring unattended; Mexico City’s famous Madonna gives wonderful portents of coming miracles. Most “signs” center on the Christ child in her arms. She weeps! Italy’s Leaning Tower of Pisa crumbles. Madonna Delle Lacrine — cries! — for the great changes at hand!

* * *

Terrible fighting over the erection of the “third temple” in Jerusalem. To be built on the Temple Mount, or Mount Moriah, the most sacred site of the Muslims; the Dome of the Rock and the Al-Aqsa Mosque. The temple can only be built if the Islamic Shrine is demolished. (Good luck!)

* * *

No more cancer! Cancer cures result from eradication of gene that triggers this dreaded viral disease. Man’s most deadly scourge becomes but a dim memory.

* * *

Cold cash? A thing of the past! “Mark of the Beast” in Revelations: 13 — “666,” a basic number in a giant computer to control all world banking and credit. Everyone is required to have this number, or a variation of it, on his person. “...And he who is without the number shall perish.” (REV. CHRISTIAN BIBLE)

* * *

A new world order prevails. In Canada, the United States and around the globe, laws of the land to be upheld without use of force or Gestapo-type tactics.

* * *

The *true* Antichrist reveals himself to a shocked world! There will be no doubt.

* * *

One hundred years from now, a variation of the American dollar still will be the strongest currency in the world!

* * *

After PUTIN, former U.S.S.R. countries pull themselves together under a powerful new leader to once more threaten world peace. But only temporarily — Beware!

* * *

Valuable, valuable gold! — gold! — gold!! — especially to the ANUNNAKI — (star-travelers)!

* * *

All of Canada will be one state — borders between the U.S. and sea to sea.

* * *

Somatic Electrical ills cured Electrically.

* * *

Without doubt! Proof that Electrical Energy (the Soul) survives death!

* * *

Discovery of the (original) Ark of the Covenant!

* * *

Amputated arms, legs, eyes grow back! Thanks to the amphibian gene.

* * *

Through highly advanced methods of subatomic DNA engineering and cloning of life's building blocks, the very essence of life occurring naturally in the bones of both the living and the dead, our beloved ones shall rise from the grave, walk and talk.

* * *

That Jesus Christ was the first case of artificial (in vitro) fertilization will be proven *fact* and *believed* by the world in general (instead of just by *me*).

* * *

Canadian and American cities will adopt police state-like armies to protect the citizenry and their property.

* * *

Canada's de facto annexation by the United States.

* * *

Northern climes — the Yukon, Northwest Territories, and Alaska — see enormous influx of settlers as the regions become temperate and habitable.

* * *

Discovery of “unifying, supra anti-rejection drug” imitates human tissue perfectly and spreads evenly throughout the human body's cellular fabric, so that *all* organ transplants take perfectly on the first attempt, regardless of donor source. Cloning stem-cell embryos for organ harvesting is done as easily as one washes one's hands. Silly religions and superstitious notions are finally set aside.

* * *

Delicate surgical procedures — heart, eye, brain — all done by robots.

* * *

I have been predicting for many, many decades that “Dead Legs Will Walk Again.” Broken and shattered spinal cords to be routinely repaired. A method of re-myelinating nerve fibers is perfected.

* * *

Secret to “eternal life” hidden within the *bowels* of very ancient mummies whose sepulchers hide strange writings! A remarkable find that predates even the great Egyptian pyramids.

Egyptian embalmers' processes for “*preserving* life and likeness” of the Pharaohs, though extremely crude, *have some basis in fact* but are still wa-a-ay off base. The *real* process is akin to the foggy biblical story of the notion of Eve having been created from the rib of Adam, which sounds ridiculous until viewed from the perspective of modern

science, genetic DNA cloning. In like manner, the embalmers were onto the secret of eternal life, but couldn't quite get it. BUT WE WILL! WE WILL!...

* * *

Women *are* admitted to the Catholic priesthood while priests *are* allowed to marry (if Mother church wishes to ensure its survival). But Catholicism – along with *all* other religions will disappear with the return of the Star-travelers!

* * *

That it was **not a star** but a brilliantly lit *UFO* which led the Magi (Three Wise Men) to the place where Jesus lay; that the “angel of the Lord” who appeared to the Shepherds “watching over their flocks by night” were indeed extraterrestrial astronauts! — news that shall be forthcoming out of their own mouths!!!

* * *

More and more, people will opt to live with pets rather than people or spouses. Less muss, less fuss. Marriage, per se, obsolete.

* * *

Because of major medical breakthroughs that allow people to live longer, overpopulation *will be* the cause of WWIII. (Other world colonization?)

* * *

Homeless people abound, living on streets of every *major* city in the world!

* * *

Giant corporations crumble, one by one, as greedy CEOs are arrested and “*the people*” take possession.

* * *

Yugoslavia and the Balkans explode (yet again). Disparate (separate) states come under direct control of the new brutal leader who is even worse than Stalin! He will again unite all Russia to begin anew “the eternal dance of death!”

* * *

Canadian and American Natives enjoy world status such as they have not known for a thousand years, politically, socially and financially, beginning with the birth of the white buffalo. (Which I, as part Mohawk, predicted years ago!)

* * *

India rises to world power to pose a serious threat. Very arrogant and self-possessed, she is humbled. The Taj Mahal makes news headlines! (Already fulfilled with the Taj-Hotel massacre!)

* * *

Small “alien” skeletons discovered in and around ancient Chinese tombs, with hieroglyphics depicting “spaceships falling from heaven!” (Heavens to Betsy!)

* * *

Lightweight floating homes which rise above ground at the slightest vibration — much less than when a powerful earthquake strikes! Once danger has passed, they again are lowered and re-anchored... Southern California take note!

* * *

Discovery of the gene that triggers tooth growth. Humans are able to reproduce multiple sets of shiny new ivories, just as do sharks (— and lawyers).

* * *

Medication is reduced to *waveforms and particles* — delivered through computers and transmitters — directly into bodies of patients hundreds — even thousands — even millions of light-years away!

* * *

Human remains to be buried in deep space? (— Perhaps the entire Earth?!)

* * *

Cryogenics, the quick, deep-freezing of human bodies instantly following death, returns big time to cure individuals of diseases from which they died; and certainly for *self-cloning* and long distance space travel.

* * *

Believe-it-or-not! Future head transplants are common!

* * *

“Thought” police are the way of future crime prevention. This allows law-enforcement to obviate criminal intent, thereby dealing felons a death blow before they even leave the gate.

* * *

“Corpses old, corpses new, resurrected from that which *was* you! From below the DNA level, to Immaterial Life-force Itself — beyond Space and Time!

* * *

Transmission of solid bodies — animate and inanimate — common. — Time travel!

* * *

A sweeping world revolution: — tremendous upheaval of existing social mores; up will be down, down will be up!

* * *

From the Great Debacle arises a new world leader! (Out of the U.S.A.!) (TRUMP!!!!)

* * *

Androids do jobs too dangerous for humans, making bomb squads and garbage men obsolete!

* * *

It won't be long before Earth's population explodes to outstrip food supplies. Luckily, large crops of food planted in Alaska and Antarctica will grow quicker than elsewhere, due to *new* tilt of the Earth's axis.

* * *

Beware the man with the blue turban! The scourge of mankind!

* * *

The war in the Mideast will last nearly thirty years! — eventually drawing in all nations. The world, war-weary, before the monster is driven back to the sea and sand by the mighty Eagle!

* * *

A complete understanding of psychic Energy — its *control* and *use* — will be taught in universities throughout the world as part of their physics programs, just as heat, light electricity — and now psychism.

* * *

Time-travelers *slip through* the weft and warp of space fabric, the Cosmic Portals, to other dimensions, making obsolete the concept of long distance travel from one galaxy to another.

* * *

THE “MISSING LINK!!!” — equals creation plus lower primates (monkeys, apes, chimpanzees and orangutans) *plus* genetic manipulation (ML = C + LM + GM = Man!). A heretic body of genetic engineers demonstrate the above theory until it becomes theorem, thereby creating a highbred in the same manner *we* were created by Extraterrestrials!

* * *

Ghostly specters haunting castles and mansions and such are trapped by a “specter meter”-type gizmo, revealing that these “figures,” usually dressed in period costume, are merely photographic images of “*then*-living people” caught in a film loop, as in family videos, that play over and over again, ad infinitum, et ad nauseam.

* * *

Although there will be only one world leader, His (or Her) designates shall be determined to rule or guide others based solely on merit: honor, courage, fairness and, most importantly, compassion. A meritocracy.

* * *

Physical sex obsolete?! Yes! Thanks to — or no thanks to — special machines designed to stimulate parts of the brain (especially the pleasure parts), “lazy sex” will be the norm as humans, by now far too busy to take time out of their busy schedules for the exchange of precious bodily fluids, will make all that physical exertion redundant and superfluous. (Which the use of “redundant and superfluous” is in itself redundant and superfluous!)

* * *

Modes of transportation — public and private — no longer require roads and rails but glide over land six inches *above*, although wheels are still optional in the event of mechanical or power failure; traffic “lanes” (of sorts) are still utilized for easy flow and control, but vehicles themselves are remote-controlled by voice and auto-pilot.

* * *

Since all crime — including homicide — will be anticipated by “thought police,” *mortal* competition will return, as in the ancient days of Roman gladiators, to satisfy the frustrated blood lust of the masses.

* * *

Unfortunately society, striving through DNA engineering to develop “perfect” human beings, will experience a shameful period of euthanizing defective babies (and *where* have we seen *this* before?), yet someday “perfect humans” will triumph.

* * *

One world ruler and only one law: “An eye for an eye and a tooth for a tooth!” (Unless you happen to be a Scorpio, and then its — “*Two* eyes for an eye, and *two* teeth for a tooth!”)

* * *

Illegal substances, universally decriminalized, then regulated by governments worldwide, as are alcohol and cigarettes today.

* * *

Global armies increase exponentially, almost *supernaturally*, as Nature prepares Herself for Mankind's self-immolation!

* * *

As life becomes more terrifying, university students study harder to stay within the safe confines of academia, rather than enter the fray to face the fury of a Real World! Most graduates have a BSc, PhD — but no J.O.B. — Job!

* * *

An unearthly attack from the heavens renders all world populations senseless! Panic reigns! Surrealistic! H.G. Wells "War of the Worlds!!!"

* * *

A breakdown of human morals and values — due specifically to overpopulation and food shortages. Cannibalism, Man's strictest taboo, becomes necessary (See "Soylent Green" movie.) Or, read the Bible's Genesis or Leviticans – What ever happened to the "First Born" — Delivered up unto the "Lord"?

* * *

The ultimate end of Earth? When the great Gobie Desert once more becomes a mighty ocean.

* * *

A deep-sea, transatlantic freeway makes travel to and from Europe accessible and affordable, much as does the Chunnel between Great Britain and France. (Which I also predicted 50 years ago.)

* * *

A complete roll-reversal: men become women, women become men — which is to say, since physical sex no longer will be necessary — or desirable — males become effete as women become all powerful, both at home and in office. Or, as is often stated: "Women *pretend* to be what men *really* are...."

* * *

Wealthy and powerful leaders colonize other heavenly bodies to which they'll escape, with not only kith and kin, but those who can contribute to a new society. Those who cannot afford the price of a ticket, or have no special skills to offer (doctors, carpenters, scientists), shall remain to experience the horror!

* * *

Fashionable clothing for special functions to be replaced by utilitarian “dress-to-suit” — no pun intended — for the dark, hard times of the next several decades.

* * *

As precedes the Omega of every civilization, this world will enjoy a decade of festivities, entertainment and the revival of everything cultural, prior to our end, as does a Supernova that burns brightest, just moments before it sinks into the abyss....

* * *

Robot-nannies replace television as number one electronic babysitters of children whose parents/guardians are too busy and self-absorbed to bother doing the job themselves; then will wonder why their kids are bonding with the *metal mothers* and developing self-same automaton personalities to the exclusion of any plight that may befall their own flesh and blood birth parents.

* * *

The human race, after undergoing massive metamorphoses through war, will communicate entirely via telepathy. As in the biblical story of the Tower of Babel, all languages fail due to radiation exposure, bringing us Full Circle: Garbled utterances, followed by the new “talk.”

* * *

With regard to most of the above, I have stated for over sixty-five years that the only *true* language is the Universal language of music, transmuted from the vacuous Vibrations of the Cosmos into melodic sounds and, to get the *point* of communication across to you—Intuition, Hunch, Gut feeling, Telepathy or, simply, Instinct.... Everything is based on vibration.... Therefore, the *true voice* of the coming Era will be that Voice spoken and heard *inwardly*, by all.... As the first true organized spoken and written language was first brought to Earth and dictated to humans — Moses and Enoch, et al — as the Ten Commandments — “Written By The Finger of God!” (A laser that cuts through stone!)
